Minute for Mission: Our gifts for M&S support the long standing ministry of St. Columbia House, a community ministry supporting those who are living on the margins of Montreal. This ministry celebrated its 100th Anniversary in 2017. From its beginnings as a place that only provided hot meals, to its current status as a leader in changing public policy in Montreal, St. Columbia House has changed many lives. It is now an organization on the cutting edge of emerging needs and innovative responses through its environmental programming including community gardening where participants develop their own balcony gardens, and beekeeping programs that allow participants to learn how to interact with bees at the ministry's rooftop beehive. In partnership with United Church Ministries, Montreal City Mission & Montreal Presbytery Justice & Global Ecumenical Relations Committee, St Columbia House has also created the Green Church Project to engage ministries in its ecological practices. Together through our M&S support, we can celebrate with St. Columbia House all the lives that have been transformed & look ahead to innovations for the future.
