Minute for Mission: Our gifts for M&S support global partners in their day-to-day work through long term change and emergencies. The Organization of African Instituted Churches ((Oaic) works on gender justice, micro-credit, sustainable agriculture and programs to address the extreme hunger caused by drought. Hear the thoughts from a participant in the M&S Global Pilgrimage to Kenya in one of the areas hardest hit by hunger. *"We left the office of the Minister of Agriculture who asked that we help his people. On the way up a mountain road we saw dry lands, sparse and skinny livestock and the hardship in people's eyes. We saw many people running toward a government water truck that delivered water each day. Oaic is working in this arid region to support agriculture and food security by empowering female small holder farmers to advocate on their behalf to impact legislation. Indicators show that when women are at the center of projects and decisions, there is significant progress toward food security. Dry riverbeds, pleas to help people, the daily water truck, the hope shared by the farmers – these images stay with us"* Our gifts to M&S make this hope of a better tomorrow possible.
